

MEDICARE SUPPLEMENT INSURANCE COMPANIES
PART I - APPROVED POLICIES FOR INDIVIDUALS AGE 65 OR OLDER

REVISED 5/4/05

Medicare Supplement Insurance Companies

This list is given to you for informational purposes only and does not constitute an endorsement by the State Corporation Commission of any product or service or of any person or organization offering any product or service. You can contact the Bureau of Insurance for further information or to obtain a copy of the *Medicare Supplement Premium Comparison Guide*. This guide provides cost information which may be useful to you in evaluating the available plans. The Bureau of Insurance can be reached toll-free at 1 (800) 552-7945 (Richmond residents dial 371-9691).

The following list includes companies that have received approval of policy forms for one or more Medicare Supplement standardized plans in Virginia on or after July 30, 1992. ***Part I of the list includes companies with approved Medicare Supplement plans for individuals age 65 or older. Part II of the list includes companies with approved Medicare Supplement plans for individuals under age 65 and eligible for Medicare because of disability.*** The types of plans approved are indicated next to the corresponding company. **The fact that a company has one or more approved forms does not necessarily mean the company is actively selling these products.** You should contact the listed companies for verification of availability in Virginia. All of the information provided is subject to change. Please note the date of revision at the top of each page.

Refer to the column entitled "Approved Plans" to determine which of the Medicare Supplement standardized plans have been approved for a particular company. Other information to be considered is also noted in this column. The following may be helpful in assessing information that may be found in the "Approved Plans" column:

- **High deductible Medicare Supplement Plans F and J.** These policies generally have higher deductibles and will cost you more "out-of-pocket" money before reimbursement may be made for certain services. The cost for these policies is generally lower than regular Medicare Supplement policies because of the high deductible feature.
- **Plans available via direct response.** These plans are applied for directly with the company. No agent is involved in the application process.
- **Medicare Select plans.** These policies are generally less expensive than regular Medicare Supplement plans, but you must receive most medical care from providers who have contracted with the Medicare Select issuer.
